

Facilities added during the last quarter

S.No.	Facilities	Particulars
1	Solar Panel	Solar panels generate free electricity from sunlight. This provides permanent relief from expensive electricity bills and results in significant monthly savings.
2	Green House & Botanical Garden	<ul style="list-style-type: none"> • Subject-based Layout: Arranging trees and plants according to their specific uses (e.g., for tea, respiratory health, or skin treatments—much like the *Nakshatra Vatika* found in traditional Indian gardens). • Layering: Arranging tall, sun-loving medicinal trees (such as Neem or Moringa) alongside smaller plants (such as Tulsi or Ashwagandha).
